

## Access Guide - Portsmouth Hospitals University NHS Trust

The Care and Health Information Exchange (CHIE) is a computer system used by the NHS and Social Care to safely share important information about a patient with those treating them. You can use CHIE to access GP records, Community and Mental Health, Social Care, and hospital records (pathology reports, X-ray or scan reports, discharge summaries and clinic letters) for patients registered to GPs in Hampshire and the Isle of Wight.

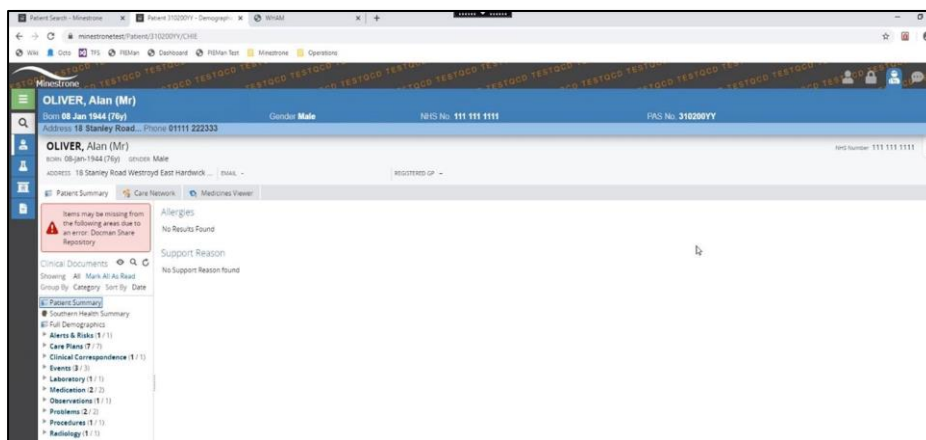

### Accessing CHIE via Minestrone

- PHU staff can access CHIE directly from Minestrone. From the patient record, click on 'CHIE'.

### The Landing Page/Home page

- This is the first page that you will see. An example of a typical Landing Page

## Help and Assistance

- Download this and other user guides and webinars from our [information site](#).
- If you have any other CHIE specific questions or support needs, please contact the CHIE team [info.chie@nhs.net](mailto:info.chie@nhs.net)
