

Quick Reference Guide

The Care and Health Information Exchange (CHIE) is a computer system used by the NHS and Social Care to safely share important information about a patient with those treating them. You can use CHIE to access GP records, Community and Mental Health, Social Care, and hospital records (pathology reports, X-ray or scan reports, discharge summaries and clinic letters) for patients registered to GPs in Hampshire and the Isle of Wight.

New user access is set up according to job role and employing organisation

If you work for one of the following organisations, please contact your IT department/ Practice Manager/ to arrange access:
